Skills

- **Languages/Technologies:** HTML, CSS, JavaScript, Data Structures and Algorithms, Computer Fundamentals
- **Tools:** GitHub, VS Code
- **Soft Skills:** Teamwork, Time Management, Communication Skills

Projects

Weather Application

A clean, responsive weather forecasting web app created using HTML, CSS, and JavaScript. Styled with CSS Flexbox/Grid for a professional layout, making it mobile-friendly and intuitive for users.

Image Generator

An interactive image generation tool built using HTML, CSS, and JavaScript. Users can input a keyword, and it fetches related images using external APIs. This project showcases API integration, dynamic DOM manipulation, and responsive design—all built with smooth animations and a clean interface.

Education

Matriculation (Class 10)

Panchayat High School, Bilikana
